

## **Mask Update - Governor Reynolds Signs HF 847 into Law**

May 20, 2021

Prairie Families:

Early this morning, Governor Reynolds signed legislation [House File 847](#) that went through the House and Senate that bans schools from having a mask mandate. This means that masks will be optional effective immediately in accordance with this law. We will provide further information as we learn more about it. The College Community School District will follow the new law.

As always, thank you for your continued support of our students and staff.
