

Assistive Technology Consultation For Families

We offer free assistive technology consultation for families of children with dyslexia and other reading disabilities.

Appointment Components

Demonstration of devices used as assistive technology:

- iPad tablet
- Google Chromebook laptop
- Apple Pencil

Apps modeled include Co:Writer, Snap&Read, Voice Dream Reader and more!

Opportunity to try out devices in the home or at school.

Request an in-person or virtual one-on-one appointment with our assistive technology coordinator today!

This service is not an evaluation of your child's reading or writing abilities and is not aimed at providing any diagnosis or literacy instruction. This service is also not appropriate for children with intellectual disabilities, complex medical issues, sensory motor disabilities, or autism spectrum disorder.

In-person appointments are held at the Iowa Reading Research Center offices located on the University of Iowa campus. Virtual appointments are via videoconference
