

Holiday Breaks: Attend Today, Achieve Tomorrow!

This time of year, schedules can feel inconsistent as we enjoy extended breaks and special events. These school days before, between, and after holiday breaks are very important for setting the stage for consistency in January and for the rest of the year. Our district is working on increasing the number of students who are present at school for over 90% of school days and we appreciate your partnership in reaching this goal.

This week, Building Facilitators and Deans will be contacting parents via email if one or more students within the family have missed 10% or more of school time. Research shows that it's very common for students and parents to underestimate absences and attendance rates can improve simply by sharing the amount of missed school time with families.

Seasonal changes and day-to-day stressors can make regular school attendance difficult for some students. If your student is experiencing challenges with school routines, please reach out to your school's principal, dean, building facilitator, or counselor. Their contact information is [linked here](#).

Again, thank you for your support and partnership! Attend today, achieve tomorrow!
