

Transportation Safety Concerns

For the safety of our students and staff, only authorized CCSD staff and assigned students are allowed to enter our district school buses. If you need to speak to the driver, please do so from outside of the bus or at the driver's side window for the safety of our staff and students. If you have busing concerns, please contact the Transportation Director at 319-848-5233.

Important Survey for Families

During the 2020-21 and 2021-22 school years, ALL children received free breakfast and lunch nationwide. Universal free meals ended with the start of the 2022-23 school year. This change has not only impacted families and students but also school nutrition meal account balances. The CCSD negative balances are currently \$14,300.00. At the beginning of the school year, all balances were positive. This survey is being used to gather information to share with legislators on the value of reinstating universal free meals. Please take a few moments to complete the survey [linked here](#).

College Community Bus Driver Starting Salary Increases to \$23/HR
