This free educational program is open to any student in grades 9 through 12. Students must be accompanied by an adult. Space is limited; advanced registration is required and will be taken on a first-come, first-served basis.

Students in grades 9 through 12 | Join medical and health sciences students and professionals from the University of Iowa for interactive experiences and simulations with a focus on health care skills, innovations in health care, critical issues impacting Iowa's health care, how to pursue a health care career, and health literacy.

Adults | Join University of Iowa experts for discussions on critical topics including adolescent health, academic preparation, mental health, adult health, and more!

REGISTRATION

Please review this information prior to completing the registration:

To register provide information for the attending adult/chaperone plus one additional adult if desired. Complete one registration form per student. Students will select one breakout session. The availability of each session is first-come, first-served and all session selections will be final. The complete list of breakout sessions is available to download and print from the registration website.

Important Notice | In accordance with University of Iowa Risk Management Policy, and to ensure the safety of your child, an adult is required to accompany each student. This is not a drop off program. Students must be in 9th, 10th, 11th or 12th grade.
