CODERDOJO

SPRING 2026 COMMUNITY PARTNER EVENTS

CODER DOJO IS A FREE STEM PROGRAM FOR K-5 KIDS

CoderDojo events offer a variety of stations with STEM (Science, Technology, Engineering, & Mathematics) activities.

Children can openly explore any station that catches their interest. Mentors are available at each station to help them get started. From there, students are free to learn and explore on their own.

WHERE

305 2nd Ave SE
Cedar Rapids, IA 52401

WHEN

1:00 to 3:00 pm

Space is often limited!

CODERDOJO SPRING 2026 SPECIAL EVENTS

2/7/26, Iowa Ceramics Center: Participants will make fun, hands-on projects like pinch pot monsters, coil bowls, or mythical creatures.

2/21/26, The Iowa Children's Museum: Attendees will engineer ramps to propel balls and experiment with forces.

3/7/26, Public Broadcasting Station (PBS): PBS will guide students and families through science-related phenomena.

3/21/26, Henry Morray Poetry: Local poet Henry Morray will guide students into the world of poetry and creative writing.

4/4/26, Ignite Consulting: This event will be focused on teaching students about using sensors to water a small gardening plot.

4/18/26, Eastern Iowa Arts Academy (EIAA): Participants will take part in hands-on learning using musical instruments.

5/2/26, Korriban Squad of the 501st Legion: As "May the Fourth Be With You" approaches, we will be celebrating with Star Wars themed activities.

5/16/26, Special Event: We will be wrapping up our spring 2026 programming with a STEM prize raffle.
